Home Language International (HLI)

Home Language International (HLI) is a family-run business offering full-immersion courses in 20 languages in over 30 countries worldwide. You stay in an experienced teacher's home, have one-to-one lessons, enjoy three meals a day with the family and then continue to use the language during the rest of your stay. Mealtimes, conversation, visits, television and social contacts are all in the language you are studying.

We have a dedicated expert staff in our offices including the whole of the Josephs family. Students from all over the world take advantage of our services every year.

Your OWN private course

Our language courses are designed for your needs and because you are the only student during your lessons you are guaranteed individual attention!

All of our teachers have a university degree (or equivalent) and/or a recognised teaching certificate. All teachers have been visited by one of our Local Organisers, their qualifications have been checked and their homes thoroughly inspected.

Our Chief Executive Ian Josephs M.A. (Oxford) **originated** the idea of living in the teacher's home in 1979 and was the first to offer this service.

HLI is an accredited member of:

Choose your course

IMPORTANT

- All courses are from Sunday to Sunday
- Most families do not live in the city centre but in the surrounding region
- Please choose 3 regions (where available) in order of preference when booking
- English is available in many non English-speaking countries on request

Standard Courses

• Standard course with lessons

Stay in an experienced teacher's home with full-board accommodation (3 meals a day) and choose 10, 15, 20, 25 or 30 hours of private language lessons per week.

• Standard course with lessons + informal activities

You can also book language lessons + informal activities (for example 10 hours lessons + 5 hours activities). Unlike our Combined Courses below (Language & Sports, Language & Culture etc.) which have the organised activities stated in our pricelist, informal activities (shopping, cinema, local visits, bowling etc.) are decided between you and your teacher after you arrive. They are a very good way to practise your language skills outside lessons. When informal activities are booked an expenses supplement of £13, €15 or US\$18 per activity hour must be added to cover all expenses such as transport, entrance fees etc. for the student and the accompanying person. You must book a minimum of 5 hours of activities per week. (N.B. This supplement does not apply to the Combined Courses as the expenses are already included).

• Standard course with informal activities only

It is also possible to book a programme with no language lessons and only informal activities, for example 15 hours of activities with no lessons in Manchester = £660 + £195 expenses supplement.

- Extra language lessons: £22, €40 or US\$40 per hour
- Extra informal activities: £22, €40 or US\$40 per hour + an expenses supplement of £13, €15 or US\$18 per hour (which is used to pay for any transport, entrance fees etc. for the student and the accompanying person)

Combined Courses

The Combined Courses combine a language course with the organised activities below (for example sport, culture etc.)

Unless otherwise mentioned all courses include:

- Accommodation in an experienced teacher's home
- Full-board (3 meals a day)
- 10 hours of private language lessons per week
- The stated sport, culture, leisure etc. activities
- All costs (entrance fees, sports equipment hire, transport etc.)

- Extra language lessons: £22, €40 or US\$40 per hour
- Extra organised activities on request

You can also choose different Combined Courses, for example 1 week of sports + 1 week of culture etc. (though the courses should be in the same area to avoid a change of family). **Important:** Combined Courses are not always available all year round, are subject to weather conditions and may not be suitable for all ages.

Language & Sports courses

10 hours of private language lessons per week combined (unless mentioned otherwise) with 3 private sports sessions per week of approximately 1 hour (this may be longer if you join a group of students at a similar level). Sports sessions usually take place with a professional instructor but may also be with a member of the host family (when a suitable member is available) or with the local organiser.

Important:

- Please remember to indicate your level in the sport on the booking form.
- You must insure against illnesses and accidents to yourself or third parties.

Language & Culture courses

10 hours of private language lessons per week combined with the stated cultural visits (for example visits to museums, castles and other famous places of cultural interest). Cultural visits usually take place with your language teacher but can take place with any member of the host family. If you prefer to devise your own programme in a different way from those we offer please let us know what you require and we will give you a quote.

Language & Leisure courses

10 hours of private language lessons per week combined with the stated leisure activities (for example cooking, shopping, dancing, drawing etc.). The leisure activities (3 sessions of approximately 1 hour each unless mentioned otherwise) usually take place with your language teacher but may also be with a member of the host family or with a professional instructor.

Tips for a successful stay

- We recommend you bring at least £60, €85 or US\$85 spending money per week. EU students travelling to an EU country are advised to get the European Health Insurance Card. All students are advised to have personal insurance to cover any cancellation, loss of property etc.

- Activities: We strongly recommend all students, especially the younger ones to book activities, as these allow them to practice what has been studied during the lessons and work on conversational skills whilst enjoying themselves. Keeping the younger students occupied contributes to making the stay successful. School holidays may not be on the same dates as in your home country so the children in the host family may be at school during your course.

- You should contact the host family by phone or email at least one week before your stay. Our host families would like to learn more about

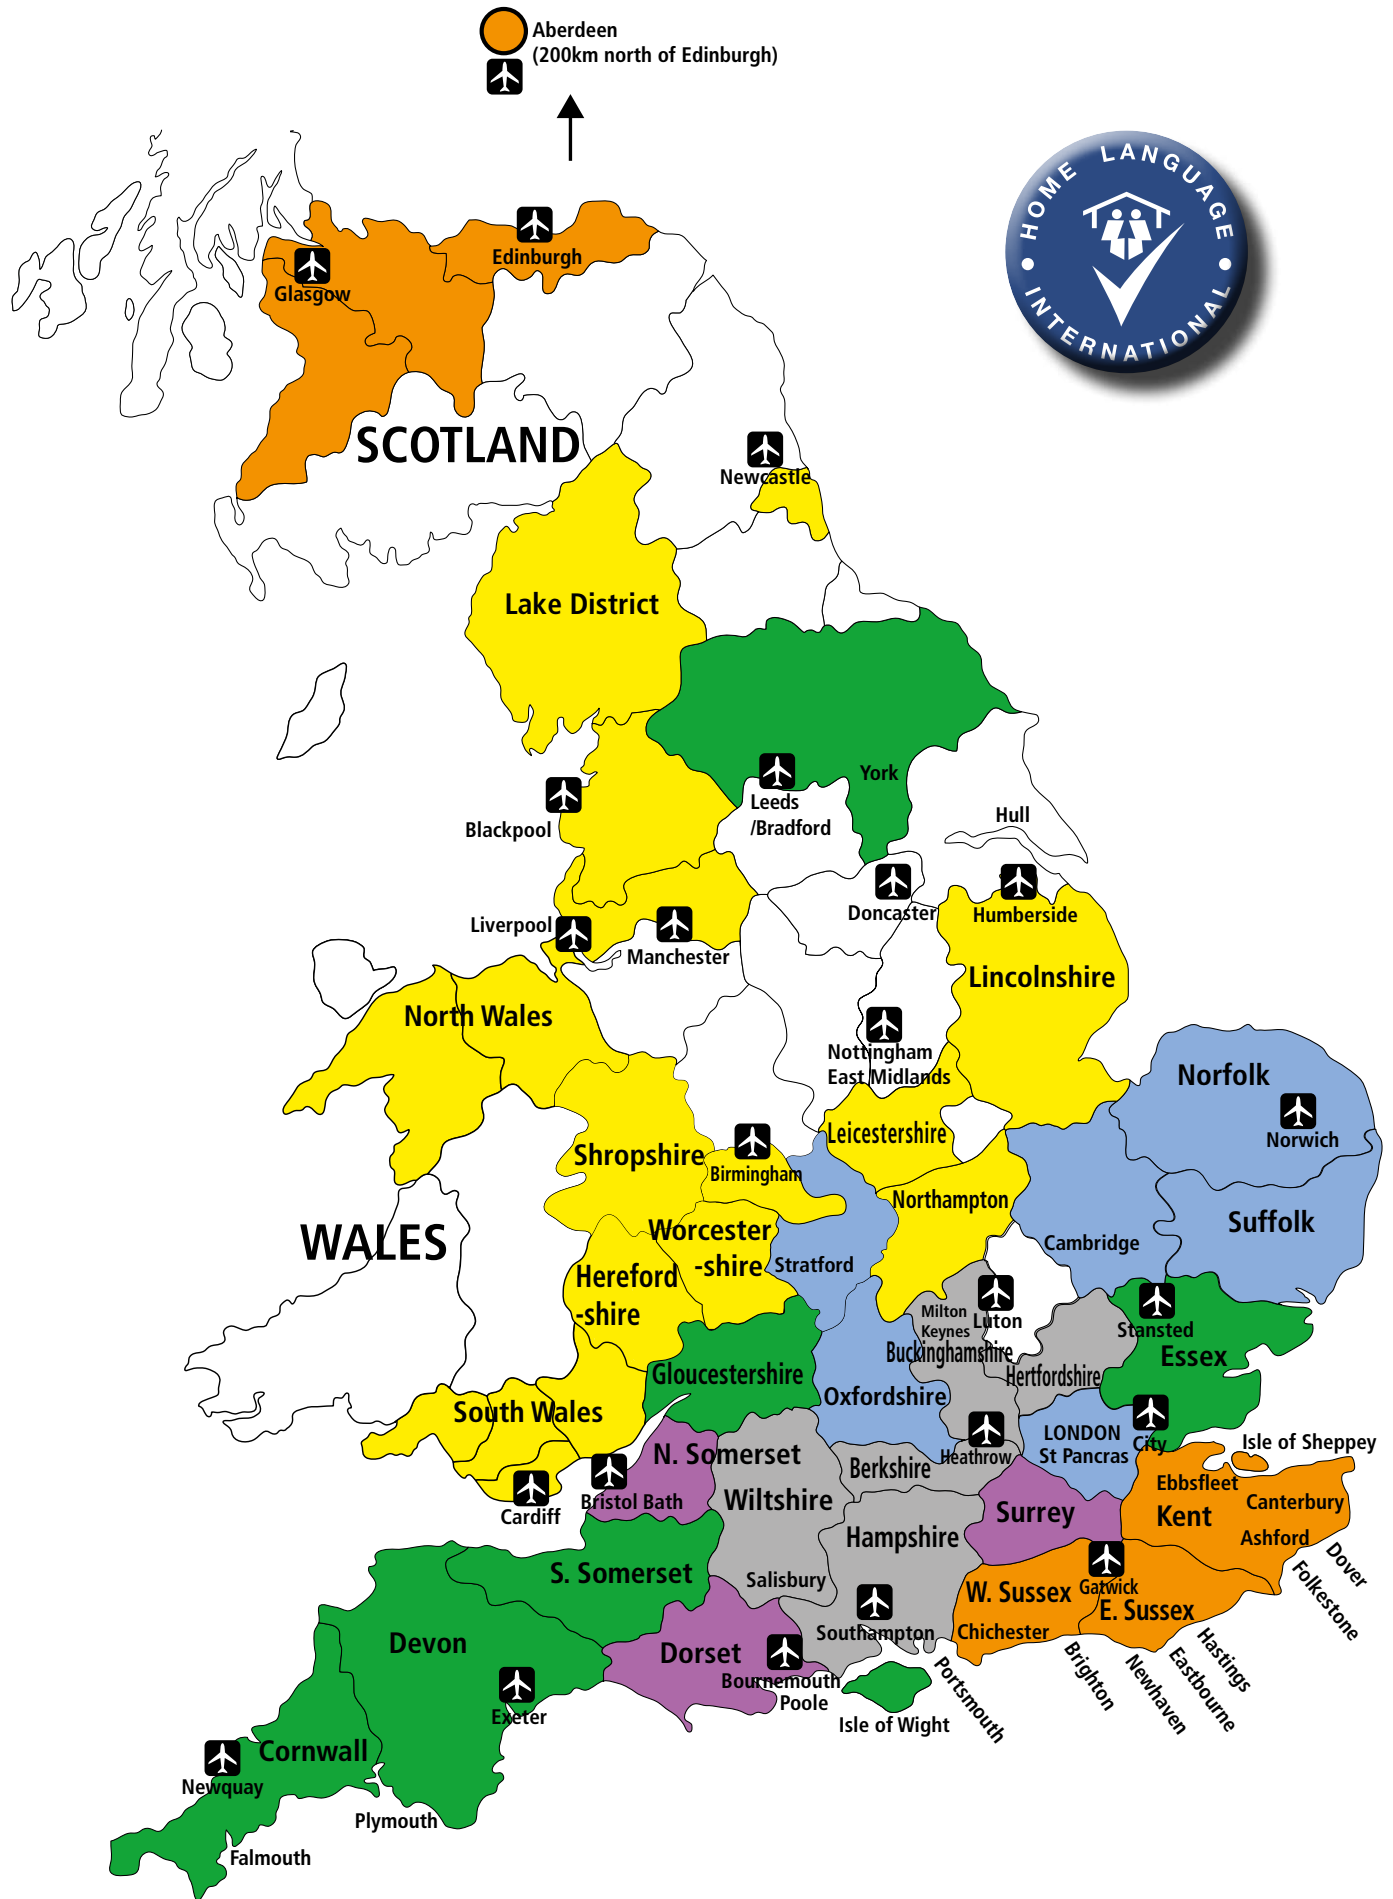

you, your food preferences, language level and what you are expecting from your course. This will help them prepare better for your stay.

- Families in a foreign country may not have the same way of living as you. There may be different rules, food and living conditions. You should be ready to accept cultural differences in order to get the most out of your stay.

- Smoking: In many countries you cannot smoke in public areas (bars, restaurants etc.). Very often, our host families do not allow smoking in the house. If there are smokers in the host family they will often smoke outside or only in a specific area in the house. When you book your course you can tell us if you prefer a non-smoking family.

- Parents: We advise parents to ask their children to limit the use of smartphones, laptops or tablets since frequent communication with friends and family in their mother tongue will affect their full-immersion experience.

General

Home Language International (HLI) considers the choice of family to be more important than a specific town and reserves the right to place the student in another area if there is no compatible family in the area of first choice or if the original family selected cancels through illness or personal problems. However, if the family we select does not match the requirements as stated on the booking form, students are free to cancel and will receive a complete refund provided the refusal is received no more than 48 hours after the family profile was sent. Once a placement has been confirmed, requests from students for changes of area, dates or course are subject to an alteration charge of £100, €150 or US\$150. HLI must be notified of any problems or complaint before the end of the stay - no retrospective claims against HLI will be considered. Enrolments are accepted on condition that students have no illness or infirmities that they do not mention and explain in advance, HLI reserves the right to send home students who have not disclosed such information. HLI reserves the right to place a student with more than one host teacher on a given course and/or change the tutor before or during the stay. HLI also reserves the right to organise a homestay with one family and lessons with an outside teacher if a teacher family cannot be found. No guest of the same nationality or mother tongue will stay in the family at the same time as an HLI student. Host families are however allowed to have guests of any nationality they like providing that they do not interfere with the HLI student's lessons or share the same language as them.

Transfers

If transfers are booked HLI must receive flight numbers and arrival times at least one week in advance otherwise the transfers are cancelled and non-refundable. If no transfers are booked the student should contact the family directly to let them have an approximate arrival time. If the family do not hear from the student, they will not expect them before 19.00h.

Cancellations & Insurance

If a cancellation is made well in advance (by post, fax or email) a credit note may sometimes be given for lessons and accommodation, valid for a year. No refunds will be given for cancellation, accident, illness, loss of property or for any other reason. Students MUST take out their own insurance against illnesses, accidents to themselves or third parties and cancellations.

Alteration charges

Alterations of area, date or course often mean cancelling one family and finding another, so we must charge £100, €150 or US\$150 in every case.

Cancellation charges for agents only

The cancellation fees are as follows:

- up to 14 days before arrival = £100, €150 or US\$150.
- 14 days to 48 hours before arrival = 50% of total fees.
- 48 hours or less before arrival = 100% of total fees.

When any of the Combined Courses are cancelled or altered at any time, we may have to refund the payment for the activity side of the booking to the family in full because they may in turn have paid for the Combined Language Course activity several months in advance to secure places in busy periods. We then charge £150, €200, US\$200 cancellation fee for the activity part of the course (the average cost). These amounts must be added to our normal cancellation fees in all cases except when 100% of the fees are due.
